### Aug 2007 News Stuffs

With any luck I am not here. Considering the number of Chevy parts on my truck, I may not be anywhere. My position will be taken by my trustworthy Indian companion, Chief Gregory Collectalot.

### News You Can Use:

Veni, vidi, vici.....As noted above, there has been a Harry&Mary sighting in Homer Alaska, however there is a rumor they got lost on the way as documentation has been received that they were also sighted in greater downtown Browning Mt. .... Latest update...Harry must be doin real good as he as not asked me to send him any parts or money.

Chief Gregory Collectalot Further updates at 6 (Sept).

### Meating Minutes

We met on the 2 of Aug for those that could remember to make it.

Since I cannot find my Notes here is a list of those that showed up: Greg (sans his side kick and director), Louie (sans his side kick and director), Bill and later Judy, Paul sans his sidekick, Lowell and Jerry, Linda & Jerry, and a couple of others that that snuck in after the 3 beers that I had.

Scotty and Barb were absent but had a written excuse...they are now proud grandparents again...Congrats to one and all.

Bill had the treasurer's report and we are solvent.....

I thik Lowell won the 50/50 but he would not share so I am not sure
