Next PSL meeting Aug 6

June 2009 News Stuffs

Captain Billy, our new fearless leader led the crew off the plank. Jumping lemmings included my own self, Judy, Jerry and Linda, Louie and Mary Lou, Paul and Gigi, Greg and Gail, Phil, Dave and Cassandra with Lucas Houdini appearing and disappearing at will.

Master of Slight of Hand Dept: Paul reported the SF costs at \$790. A wee bit of income included one dues and the 50/50.

Antique News Dept: SF seemed to get a popular vote for a repeat. The sec will ask about vest engraving for the next one. Greg said he has a dozen vests in the dungeon at his place. We will also look into buying new trophy bases for the next one rather than make them.

The club voted for a 7PM start so the club sec could catch the ferry. Plus it will get everyone home in time for America's dumbest home videos. Chuckanut Manor breakie was a small but delicious success. The only complaint, you can't eat enough. The weather was perfect and we stopped at the Mustang show in Oak Harbor on the way home. We had Terry and Vikki, Jerry and Linda, Greg and Gail and your secretary, Fat Albert.

Upcoming Wotsdahaps, bro Dept: Wagon master in the park on the 26th of July, the park being Edmonds City Park at 3rd and Howell from 10ish to noonish. The club voted to buy the dogs and buns, etc. It's a potluck so bring a dish and drinks, no booze as it's a city park.

Next one is at Harry's as part of the Whidbey Cruiser's Rendezvous on August 1. The food is catered but I will probably be able to slip each couple one ticket. The starving spouse can be fed for nine bucks. Food is hamburgers, chips, drinks, and a root beer float. If you can think of some kind of trophy thingie to make, not much different than our SF trophies, bring it and give it to your favorite car or person. It's all in fun.

Harry and Jerry bought into Greg's 56 F-100 stored at Harry's in order to keep legal status in the club. Yes, that means Harry sold his truck. Greg immediately added two bucks to the money we gave him and bought a beer.

Miracles Happen Dept: the signup sheets for the SP have been found in the dungeon so the club participation trophy and the Les Schwab gift certificate will eventually be sent out to the real club.

Misc. Dept: Stratocruzers will offer free entry and T-shirt for anyone who wants to get up at o-dark thirty and help with parking at Klahaya Days on 19 July, 6am start.

FOR SALE

1. See Bill for a rebuilt 341 Lincoln marine engine for \$2000 obo. Owned by Michael Jackson and only used to putt putt around Neverland. Bill is looking for an F-350, 54-56.
